COMMERCIAL INTELLIGENCE.

THURSDAY EVENING, FEB. 5, 1880.

CONSOLS in London have receded again from 98¼ to 98⅛. French Rentes are unchanged at 115¾ ex-Coupon; and Erifeed Rupee Paper at 78 for Fours and 85½ for Fours-and a-half.

The London Money market is apparently somewhat firmer, the rate of discount on 3 months' bills being quoted at 2, and on 4 months' at 2½, an advance of ½ per cent. during the week. A withdrawal from the Bank of England is advised of £50,000 for Egypt.

METALS come unobanged. Coffee shows a decline of 1s. per cwt. in Mid. Plantation Ceylon. Cocoanut Oil is unaltered, Lin-eed is quoted partially 3d. to 6d., Rapeseed 6d. to 1s. per quarter lower. Indian Wheat, to arrive, has further declined 1s. per quarter.

Piece Goods in Manchester are still strong, but private advices do not quote any further advance in rates.

Cotton in Liverpool, according to Reuter, closed firm yesterday at unchanged prices, the day's sales being estimated at 14,000 bales, of which 1,200 were Surats. Private advices, however, call the market flat with a decline of 1-16d. in American, to arrive, while Surat arrivals were also easier. In New York ready Mid. Uplands remains unchanged at 12 cents., and May shipment is quoted at 13·81 against the previous days' quotation of 13·54 cents. for April, which practically shows no movement. The receipts at the ports afford the following comparisons with the two previous seasons :—

	1880.	1879.	1878.
Wednesday's Receipts	15,000	24,000	22,000
Five days'	74,000	125,000	97,000
Total since 1st Sept.	3,514,000	3,880,000	3,206,000

At the weekly biddings for Council drafts on India in London yesterday Rs. 28,70,000 were allotted on London, Rs. 10,000 on Madras, and Rs. 16,20,000 on Bombay at an average of 1s. 8 3-16d. per rupee, at which rate tenders on all three places received 90 per cent. of the amounts applied for. This is a trifle more than last week when 1s. 8 3-16d. only got 11 per cent. Bar Silver is accordingly weaker, and although our own special message gives the rate 52 9-16d. weak, we hear of private telegrams quoting 52½d. and 52 7-16d.

EXCHANGE this morning opened weak owing to the rate obtained for Councils, and although no change was made for Bank paper, the Banks reduced their buying rates 1-32d. to 1-16d. per rupee. No further change has taken place during the day, but the position is by no means firm, the decline having brought out very few bills, while advices from Calcutta come weak. We quote :—

Bank Bills, on demand .....,	1s. 8 7-32d.	per rupee.
Do. 3 months' sight.	1s. 8 11-32d.	"
Credits 4	" " ...	1s. 8 7-16d. "
Documents 3	" " ...	1s. 8¼d. "
France 8	" " ...	2·15 "

On Calcutta demand bills may be quoted at 1-16 to ⅛ per cent. premium, but 60 days' sight are qu te nominal.

GOVERNMENT PAPER.—A strong demand still prevails for Fours, which must now be quoted at Rs. 93½ buyers, but Fours-and-a-half are weak at Rs. 101·5 16.

The SHARE market is firm, and the few changes reported show an upward tendency. Bank of Bombay are ½ per cent. higher at Rs. 678½xd. Colaba Land shares are Rs. 5 higher at Rs. 960. In Press Companies there is no quotable movement. Spinning and Weaving Mill shares are firm, and we quote an advance of Rs. 10 in Manockjee Petit. Bombay Burma-Trading Co.'s shares are Rs. 10 higher.

COTTON to-day has ruled quiet in the extreme, and very little has been done for export. To begin with sellers asked yesterday's opening rates, but a decline of Rs. 2 to Rs. 3 per candy was established before business resulted, Oomrawuttee for this month's delivery having changed hands at Rs. 242 for Good and Rs. 237 for F. G. F., while a fair quantity of Good Dholleras for April delivery was bought at Rs. 239 per candy F. P. The receipts yesterday were 3,890 bales, making 27,000 for the seven days.

LINSEED is quieter again at previous rates. In Rapeseed there is nothing whatever doing. Gingelly is firm, but unchanged.

FREIGHTS are very steady. For Liverpool 35s. is the quotation by steam, but the regular liners ask 36s. 3d. to 37s. 6d. For Marseilles and Genoa we quote 41s. 3d. to 42s. 6d., and for Trieste and Venice a considerable business has been done for March shipment at 42s. 6d. per ton, payable here.

PIECE GOODS are still very firm, and dealers continue to hold for full rates, but actual clearances are thereby somewhat restricted, the estimate of to-day's business being only 250 to 300 packages. Local goods are firm, and for Local yarns an advance of ¼ anna per lb. has been obtained in some cases.

COALS are firm, but we have not heard of any fresh business, there being no sellers to arrive.

The Bombay Gazette
FRIDAY, FEBRUARY 6, 1880.

THE news comes from Berlin that the Austrian Government has determined to increase the defences of the Empire, and is discussing the question of fortifying Vienna. Following closely upon the introduction of a Bill into the German Parliament for a large augmentation of the forces at the disposal of the Emperor of Germany, on the express ground that the armaments of France and Russia were disquieting to the allied Empires of Germany and Austria, this further "defensive" measure must strike the friends of peace in Europe with dismay. It is impossible to close one's eyes to the significance of it. It means war, and at an early date—possibly in the spring. It has been the misfortune of Prince Bismarck throughout his career to be the victim of the aggressive machinations of the statesmen of neighbouring Powers, and he has always been driven to meet their plots by the same device—by frankly admitting his alarm, and placing the forces of his own country on a war footing, and inducing his master's allies to do the same. When matters have been brought to a crisis, the enemy foolishly takes the initiative, and Prince Bismarck is able satisfactorily to show that, while he has been doing his best to preserve peace, he has been forced into war. There is reason to anticipate that this will be the course of events on this occasion as on some others. If the great Minister has decided that the opportunity is a good one he will strike, and quickly. Russia will no doubt be assailed by the combined forces of Germany and Austria, and may be heavily defeated before France can hurl her million of soldiers against the iron girdle that now guards the Rhine. That France will remain quiescent while the armies of Germany are endeavouring to crush the vast forces which the Russians have massed in the Polish kingdom, is what no politician will expect. A war with Russia must inevitably become a war with France also. And while Germany and Austria are engaged with France and Russia, who can predict the course which Italy may elect to take? The probability is that she will throw her four hundred thousand men into the scale against Austria with a view to the "redemption" of the Tyrol and Trieste. The conflagration may soon get beyond control once the fatal spark that is to set all in a blaze has been kindled by the man who has the match in his hand. But he will not pause on that account; his nerve is firm. Europe must prepare itself for a great war—a war in which the combatants on each side will for the first time in the world's history count their trained and disciplined soldiers literally by millions. If the result of the shock were to be a general agreement to disarm, or at all events to sensibly diminish the frightful weight of the armaments now crushing to the earth the nations of the Continent, the relief to the suffering populations would be so great that the price to be paid might not seem to be too heavy. But there is little hope in these days of any war, however bloody

OPENING OF PARLIAMENT.

THE QUEEN'S SPEECH.

LONDON, Feb. 5.

Parliament was opened to-day by Her Majesty the Queen in person, but the speech from the Throne was read by the Lord Chancellor.

Her Majesty in her speech says her relations with all Foreign Powers are friendly, and that events have taken place since the prorogation of Parliament which tend to the maintenance of peace based on the principles of the Berlin Treaty, though much remains to be done to repair the disorder still existing in many parts of Turkey.

Her Majesty then refers to the heroic defence of the Residency at Kabul and the subsequent massacre of the Embassy there, and praises the skill with which such a rapid march was made on Kabul. The operations in Afghanistan reflect the highest credit on officers and men of both British and Native forces engaged.

Her Majesty then says that the abdication of the Amir Yakub Khan and the unsettled condition of the country render the recall of her troops impossible at present, but that the principle and action of Government will remain unchanged, and that, while determined to make the frontier of India strong it (the Government) desires to establish friendly relations with the Afghan rulers and people.

With respect to Cape affairs Her Majesty hopes the time is approaching for important advances to be made towards an African confederation.

The Speech then refers to measures taken in connection with Irish relief a Bill for which provides for the necessary advances from the Church surplus.

Hopes to resume the Criminal Code and improvement in Bankruptcy law and announces Bills for enlarging the powers of owners of settled land to simplify conveyance and also to amend Lunacy Laws.

(N. B —The last two paras of the Speech are ambiguously received.)

(FROM OUR OWN CORRESPONDENTS.)

MAHOMED JAN'S BROTHER KILLED.

MAHOMED JAN'S TROOPS ATTACKED AND DEFEATED BY THE HAZARAS.

ALLAHABAD, Feb. 5.

Kabul, Feb. 2.—Mahomed Jan has established posts on the Turkistan and Ghazni routes, at Kotali Takht and Kotali Sufedkhak, and all going to and from Kabul are searched.

The brother of Mahomed Jan has been reported killed ten days ago at Ghazni. This gave rise to the rumour that Mahomed Jan himself had been killed.

The people of the Kharwar district, in the Ghilzai country, north east of Ghazni, who are commanding the Kabul road on the west, have refused the invitation of Mahomed Hossein Khan and Tahir Khan to join them against us, saying that they are not servants of Mahomed Jan.

The Hazaras, under Rajub Khan, attacked and defeated a portion of Mahomed Jan's force, twenty miles from Ghazni, on the 22nd ult. The pursuit continued almost to the walls of the city, into which Mahomed Jan's troops retreated. A subsidy to the Hazaras would have excellent effect and would enable them to continue operations on behalf of the British.

Walli Mahomed Khan and Mustaphi Habeebulah have the entire work and responsibility of governing the city of Kabul.

Captain Browne, of the police, and Fukroodeen Khan, left for Peshawur on the 25th ultimo.

All British officials who were recently on special duty at Kabul have been ordered back to their appointments in India.

We learn by telegram that Major General James Travers is to have the Madras command.

The tower, clock, and time ball at present standing near the Castle, are to be removed to the Prince's Dock for the convenience of those on board vessels lying in the dock. A smaller tower and time ball, without a clock, will be erected at the Castle for the benefit of ships in the harbour. A tide gauge is also to be constructed at the Prince's Dock.

The Port Trust decided yesterday to hand over the Frere Road to the Municipality.

For some time past the constitution of the Second Division Court on the Appellate Side of the High Court has been the subject of comment by the Bar. The Acting Chief Justice makes two senior judges sit together in one court and two junior judges in the other. Sir Michael Westropp always made a new judge sit with him. The advantages of this rule need not be pointed out, and it would be well if the Acting Chief Justice were to act upon it during his incumbency. So say the lawyers frequenting the Appellate Court.

The Honourable the Acting Chief Justice and Judges of Her Majesty's High Court of Judicature have been pleased to sanction the closing of all the civil courts in the Poona District (including Sholapur) for six weeks from the 20th April next.

On Wednesday evening was held a preliminary meeting of some of the leading Portuguese gentlemen of Bombay, presided over by Dr. J. C. Lisboa to consider the advisability of memorialising the King of Portugal regarding certain Acts of the Portuguese Consul here. A committee was appointed consisting of Dr. J. Gerson da Cunha, Acacio da Gama, and Mr. Luis J. de Sa, B.A., LL.B., to draft a memorial and submit it for the approval of the Portuguese community at a meeting hereafter to be convened.

It is notified for general information that the Government of India have been pleased to accord sanction to contributions of warm clothing for the troops serving in Afghanistan being conveyed to their destination at the public expense. Such contributions should be handed over to the Commissariat Department for early despatch to their proposed destination.

A TELEGRAM to the *Pioneer*, dated Kohima, 31st January, states:—Kenoma was taken on the 29th and partially destroyed. One sepoy of the 44th was killed in the assault. The Nagas fired a volley and bolted. The Kenoma villagers are willing to treat, but Kenoma is using threats to prevent them. Our force returns to Suchema on the 3rd February. The guards with convoys were constantly fired at between Samaguting and Piplama.

SAYS the *Pioneer*:—Somehow or other, the idea has got abroad that the *Sircar* is forcibly deporting natives to work at the front as *doolie*-bearers, &c. In one large station in these (N. W. P.) Provinces it is said, and believed, that there is a great demand at Kabul for shoemakers, and that the best thing a shoe-maker can do, who has no spirit for fighting, is to fly to his home till the trouble blows over. It is a great pity that ideas of this kind should be allowed to exist; and something more than a pity that the stupidity of a Government tehsildar—or, perhaps, the carelessness of somebody who ought to know better—has directly given rise to them.

ON the aspect of affairs in Afghanistan the *Englishman* notices:—So far from there being at present any indication of the Government having resolved on a policy of premature retreat, everything points the other way. On the side of Kabul the preparations that are being made plainly foreshadow more vigorous action in the early future, while the strong brigade that is being hurried forward to Kandahar from Bombay, though in diplomatic language it is prudently described as a relieving force, is really England's reply to the Russian expedition against Merv. Certain Bengal regiments will no doubt be sent back from Kandahar, but we may safely assume that, till the issue of the Merv expedition is known, the bulk of them will be retained there in addition to the Bombay troops now on their way or under orders.

CALCUTTA does not appear to be doing anything in the matter of the Irish Distress Fund. A local paper, the *Indian Daily News*, wrote on the 3rd instant:—We have had enquiries as to whether Calcutta is likely to move in the matter of the Irish distress, and subscriptions have been offered to us that already exceed four figures, but we scarcely feel it to be in our province to take the lead.

THE *Indian Daily News* offers the following suggestion:—We think it would be well if the Government were to prepare at once without delay, and issue to all the English portion of the army in the field, a small and portable Pushtoo vocabulary, with a grammar, and dictionary of common words. Besides this, all officers should be provided with an Afghan itinerary, in which roads and distances should be given as much as possible, the location of the tribes specified, the distinctions between the classes of inhabitants specified, and the relation of the chiefs to the Barakzai family pointed out, as clearly as the information at the disposal of the Government will allow. These books need not be bulky. The latter should be interleaved with prepared paper capable of retaining pencil impressions.

THE new chairman of the Calcutta Trades Association, who was elected on Saturday at the annual meeting, is Mr. Caithness, of the firm of Kelvey and Co., jewellers.

FROM the official reports for the Punjab for the week ended the 18th January, it is satisfactory to find that prospects in most districts are reported as good or improving, but still in Gujarat, Shahpur, Jhang, Montgomery, Mozafarpur, Dera Ismail Khan, Dera Ghazi Khan, and Bannu, more rain was badly wanted. The health of the people was rapidly improving.

SIR MICHAEL KENNEDY will be surprised to hear, on the authority of the *Indian Herald*, that he is expected shortly to take up "his appointment as Quarter-Master-General of the Bombay Army." It is Col. Hogg, Sir Michael's assistant, and not Sir Michael himself, who has been nominated to this appointment.

THE Madras harbour works are progressing fast. The *Pioneer's* correspondent writes that the benefit of the northern groin is already perceptible. During the recent embarkation of some drafts for Burma, the B. I. S. N. Co.'s steamer Himalaya was able to come to an anchorage well inside the two groins, and within a cable's length of the old iron pier. No vessel would have dared to take up such a berth during the north-east monsoon, or, indeed, in any weather, before the formation of the harbour. It is needless to say that the work of embarking the troops was reduced to a minimum, and the boatmen, whose charges were, of course, the same as if the trip had been a mile and a half, were grinning like Cheshire cats throughout the operations.

A MADRAS paper states that Mr. Brough Smythe and Mr. Laing, who were recently employed in exploring the Wynaad gold mines, have left Ootacamund for Australia.

"A DINNER for ladies and gentlemen," to be followed by a dance, is to be the form of the entertainment given by the residents of Lahore to Mr. Justice Lindsay on his retirement this month.

THE Ceylon papers complain that it does not seem to be generally known that that island is not a part of India in respect of postal rates and regulations, and that a half or even one anna stamp will not carry a letter thither from India. The lowest rate for a letter not exceeding half an ounce in weight is two annas, and this will only suffice if the letter is marked, "By Dâk" or "By B. I. steamer." Unless so superscribed another anna will be required.

AN American newspaper submits to its readers the following calculations respecting the number of apples that Adam and Eve ate. Some say Eve 8 (ate), and Adam 2 (too), total 10; others Eve 8, and Adam 8, total 16; others say if Eve 8, and Adam 8 2, the total is 90; but if Eve 8 1, and Adam 8 2, the total is 163; if Eve 8 1, and Adam 8 1 2, the total is 893; if Eve 8 1 1st (ate one first), and Adam 8 1 2, the total is 1,623; if Eve 8 1 4 Adam, and Adam 8 1 2 4 Eve, the total is 8,938; if Eve 8 1 4 Adam, and Adam 8 1 2 4 2 oblige Eve, the total is 82,056. MAJOR H. A. BUSHMAN, of the 9th Lancers, employed on special duty at Natal, arrived by Wednesday's mail, having been recalled to take command of his regiment at Kabul, now without a field officer owing to Colonel Cleland being wounded. Major Bushman started the same evening for the front.

A LESSON IN LOVE.

A MORE attractive title than that of the comedy which the Gaiety Company produced on Wednesday last could hardly be chosen. "A Lesson in Love" appeals to all, and there are but few, we daresay, however practised or expert they may have become in the soft art, who would refuse to take a lesson from such a charming instructress as the dashing young widow, Mrs. Sutherland, as represented by Miss Agnes Birchenough. The story of this gay little piece is simplicity itself. Captain Freeman (Mr. Cartwright), an officer who, having sold out, has just returned from India, intends marrying, but finds his bashful nature a serious obstacle in the way of accomplishing his design. In this dilemma the widow profers him "A Lesson in Love" and promises to be his ally in an attack upon Edith Leslie (Miss Hampden), who is young, beautiful, and rich. Mr. Middlemark (Mr. Teesdale), an old friend of the Captain, turns up and proves a rival, but a most generous one, being content to fight single-handed against his friend and the widow for Miss Leslie's hand. Finding, however, that the widow plays her part so well as not to allow him an opportunity of addressing Miss Leslie, he determines to try what he can do by paying court to the Miss Winterberry, Miss Leslie's aunt. The result turns out most unfortunate for his suit, for the widow, having lauded Capt. Freeman as the hero of a hundred heroic actions, he attempts, as he cannot assume the heroic characters, to go in the poetic, and with this purpose writes some gushing lines which he secrets into Miss Leslie's workbox. The widow is, however, on the alert, and hearing of this manœuvre on the part of her foe through Babblebrook (Mr. Tapping), a tittle-tattle Paul Pry, who is unconsciously used as the tool of both the widow and Middlemark, she out wits the daring poet by surreptitiously removing the letter from Miss Leslie's workbox and putting it in Miss Winterberry's. Miss Winterberry, gushing and romantic, accepts the compliment as intended for herself, and when Mr. Middlemark next seizes what he imagines is a suitable opportunity for soliciting her approval of his suit to Miss Leslie, falls into the not unnatural error of supposing that his preliminary compliments are intended for herself, is terribly shocked at the discovery that ensues, and at once and indignantly rejects his offers for her niece's hand. The play ends of course happily, for Middlemark, having been under the impression that there was a Mr. Sutherland in existence somewhere, is more than consoled on learning that the widow "is open to offers," Miss Winterberry at the same time accepting the "entertaining" Mr. Babblebrook, and the Captain of course ultimately succeeding in prodtifying by his lesson in love and winning the fair Edith.

The comedy was extremely well played throughout, Miss Antoinette reading the part of Miss Winterberry, as Miss Doré was indisposed. Yesterday evening Miss Antoinette took the part in due form and played it most successfully, her rendering of the character being really admirable.

THE APPEAL COURT'S JUDGMENT IN THE TRADE MARK CASE.

In the case of Wallace and Co. *vs.* King and Co., known as the Trade Mark Case, the final result of which had been looked forward to by the mercantile community with considerable interest, Sir Charles Sargent yesterday delivered the judgment of the Appeal Court, consisting of himself and Mr. Justice M. Melvill. Mr. Latham and Mr. Jardine, instructed by Messrs. Craigie, Lynch, and Owen, appeared for Wallace and Co., the plaintiffs and appellants. Mr. Macpherson and Mr. Russell, instructed by Messrs. Jefferson, Bhaishankar, and Dinshaw, appeared for Mr. F. G. Jefferson, the first defendant and respondent; and Mr. Pigot and Mr. Farran, instructed by the same solicitors, for the other defendants and respondents.

This was a suit instituted by the plaintiffs to have it declared that they were entitled to the sole and exclusive use of certain tickets or trade marks on their piece-goods, and to restrain the defendants from using such tickets or colourable imitations of them. The case was heard before Mr. Justice Bayley who, in April 1879, delivered his judgment substantially in favour of the defendants. It appears that each ticket has for its centre, and as its distinctive feature, a well-known animal, which has been used for years by various firms in Bombay as the central object on their tickets placed upon white goods, including jaconets. Mr. Justice Bayley held it to be proved that the white goods bearing the plaintiffs' Brahmin bull, elephant, ostrich, and camel tickets, were not, and never had been generally, sold as *their* Brahmin bull, elephant, ostrich, and camel goods in Bombay and up-country. In the defendants' tickets, his Lordship was of opinion, the positions of the animals were more or less different from the positions of the animals in the plaintiffs' tickets, and the surroundings were wholly different. His Lordship held that the plaintiffs had not the sole and exclusive right to use the tickets A to E, mentioned in the plaint, or any of them. After the suit was filed, the defendant, Mr. Jefferson, waived his claim to use plaintiffs' bullock-waggon ticket F, and was prepared to give an undertaking not to use it in future. Mr. Justice Bayley decided that the plaintiffs were entitled to the sole use in Bombay of the ticket F to the plaint annexed, and ordered that the defendants should be restrained from selling or otherwise disposing of any piece goods bearing the said ticket or any other mark in imitation of it. But his Lordship did not grant them any relief in respect of tickets to the plaint annexed and marked B, C, D, and E, and ordered them to pay to the first defendent his costs of the suit incurred after the 14th November 1877, and to pay to the four defendants their costs of the suit. Plaintiffs therefore appealed from the decision on the following among other grounds:—1. That the judge erred in holding that the plaintiffs were not entitled to the sole and exclusive use in Bombay of the devices, marks, tickets, or stamps, being the tickets that they used and marked A, B, C, D, E, and F, save of the ticket marked F only. 2. That he ought to have held that the plaintiffs were entitled to the sole and exclusive use in Bombay of all the said tickets. 3. That he erred in holding that the first defendant's tickets G, H, I, J, and K, were not infringements or colourable imitations of the plaintiffs' tickets, marked B, C, D, and E. 4. That he ought to have held that the first defendants tickets H, I, J, and K were infringements or colourable imitations of the plaintiffs' tickets marked B, C, D, and E. 5. That he erred in rejecting the evidence of the witnesses for the plaintiff's so far as it consisted of the opinions of such witnesses as to the similarity of the first defendant's tickets to the plaintiffs' said tickets, and as to the probability of the purchasers of the tickets, on which such tickets were affixed, being deceived by such similarity. 6. That he ought to have granted a perpetual injunction against all the defendants from selling or disposing of any piece-goods bearing the plaintiffs' several tickets or any mark in imitation of them. The Appeal Court held that there was nothing on the face of defendants' tickets which could be regarded as imitation of the essential part of plaintiffs' tickets; and that the plaintiffs must therefore go outside the tickets. There was no evidence to show that any goods of the plaintiffs were known by any particular combinations or arrangement on which they could rely. The evidence as to the part played by the large ticket was, in their Lordship's view, not of importance; and they therefore thought there was no similarity in particular of which the plaintiffs could complain. Their Lordships saw no legal colourable imitation of plaintiffs' tickets. The Appeal Court confirmed Mr. Justice Bayley's decree with costs, save that it was varied by finding on the first issue, which their Lordsips reversed and found that the plaintiffs were entitled to the sole use of their tickets described in the plaint as B, C, D, and E.

THE CONSTRUCTION OF THE PRINCE'S DOCK.

MR. THOS. ORMISTON *vs.* MR. GLOVER.

The minutes of the Port Trust proceedings yesterday week which were read at their meeting yesterday include the following item:—

"Read letter dated 23rd January from the Consulting Engineer (Mr. Thos. Ormiston) contradicting a statement made by Mr. Glover in his speech at the opening of the Dock on the 1st January to the effect that he (Mr. Glover) was the originator of the idea of excavating instead of dredging the dock, and that he therefore claimed credit for opening the dock two years before it was originally intended. Resolution.—To be recorded."

At the meeting yesterday, the following letter on this subject from Mr. Glover was read:—

Bombay, 5th Feb. 1880

GEO. MANSON, Esq., Secretary, Bombay Port Trust.

DEAR SIR,—I have been informed by my partner, Mr. Lindsley, that Mr. Ormiston, Consulting Engineer, stated to him on the eve of his departure for Europe that he had written to the Trustees a letter to the effect that the statements made by me at the ceremony of the opening of the Prince's Dock on the 1st January last, as to who was entitled to the credit of suggesting the mode in which the deepening of the dock was carried out and thereby saving a period of about two years in the completion of the dock, were untrue. As this is a very serious charge against me and may do me injury, I have the honour to request that the Trustees will forward me a copy of the letter, in order that I may have an opportunity, (which, in common justice, I think I am entitled to) of making such a representation to the Trustees as the statements in the letter may require.

As I leave for England by next mail I would feel obliged if this could be brought before the meeting to-day.

T. C. GLOVER.

The Chairman (Col. Baker) said he thought the Secretary had better inform Mr. Glover that the Trustees did not wish to mix themselves up in the dispute.

The Hon. M. Mowat—But you received Mr. Ormiston's letter and read it at the meeting.

The Chairman—It has not been published.

The Hon. M. Mowat—If Mr. Ormiston is right, his statement will surely bear examination. I think Mr. Glover should have an opportunity of refuting it.

The Chairman thought he decidedly did. Glover should not have a letter given to him. If he has, we must give Mr. Ormiston a copy of every letter Mr. Glover writes, and we must go on mixing ourselves up with the disputes between these two gentlemen. I do not wish to have anything to do with it; and I do not see why the Trustees should mix themselves up in a personal dispute.

The Hon. M. Mowat said Mr. Glover made a public statement, and Mr. Ormiston had written to the Trust contradicting it. In common justice, he thought Mr. Glover should have an opportunity of replying to Mr. Ormiston; and he moved that a copy of Mr. Ormiston's letter be sent to Mr. Glover.

The Chairman—Mr. Ormiston tells us that he wrote to Mr. Glover telling him his statement was not true. If these gentlemen are going to fight in this way, and each one say the other is telling untruths they can do so by private correspondence or by sending their letters to the public press if they like; but any letters sent here will merely be recorded, and no further notice taken of them.

Mr. Sassoon—Let Mr. Glover apply to Mr. Ormiston for a copy of the letter.

The Chairman—Yes, let him settle the matter with Mr. Ormiston. There is no reason why Mr. Glover should bring us into this dispute. We should have nothing whatever to say to it.

Mr. Kittredge—Then I think you should not have recorded Mr. Ormiston's letter, but should have returned it and said the Trustees would have nothing to do with the matter. As you have recorded it I think you should give Mr. Glover a chance of replying, and then record the letter also.

Mr. Jacomb proposed as an amendment to Mr. Mowat's proposition that the Secretary should inform Mr. Glover the Trustees regretted they were unable to comply with his request and refer him to Mr. Ormiston.

The amendment being put to the vote, there were six for and six against, and it was carried by the casting vote of the Chairman.

REMOVAL OF TRAFFIC FROM THE PORT TRUST BUNDERS.

THE following Government Resolution on this matter was read at the meeting of the Port Trust yesterday:—

The Railway Company, in retiring from the Port Trust sidings on the opening of their goods station at Wadi Bandar, appear to have acted within the terms of their agreement with the Trustees.

2. There has, however, evidently been a misunderstanding on the part of the Port Trust authorities as to the intention of the Railway Company to abandon the sidings.

3. It was not to be expected that the Railway Company, after 10 years' enjoyment of the facilities afforded by these sidings for dealing with their goods traffic, should abruptly terminate the arrangement without consulting the convenience or interests of the Port Trust; and His Excellency the Governor in Council would regret to see the facilities which sidings along the dock and wharves afford for the transhipment of goods interfered with.

4. The public, too, may reasonably complain of receiving only a fortnight's notice in Bombay and scarcely a day's warning at up-country stations, that goods would no longer be booked to or from Carnac, Nicol and Masjid Bandars. At present it is difficult to judge how far the altered arrangements will affect mercantile interests.

5. In giving notice to the Port Trustees and to the public of the Company's intention to discontinue booking goods to and from the Bandars, without the previous sanction of Government, the Agent has, in the opinion of His Excellency the Governor in Council, overlooked or disregarded the interests and convenience of Government and of the public, and has ignored his obligations under para. 10 of the Contract, thereby incurring serious responsibility.

6. Government will not press the Railway Company to continue temporarily the arrangements hitherto in force which may be capable of improvement, but will look to the Agent to obviate so far as possible the inconvenience arising from his having cut off the Bandar traffic before the effect of the alteration could be considered or provided for.

FIRST CRIMINAL SESSIONS.

FOURTH DAY, THURSDAY, Feb. 5.

(Before the Hon'ble Mr. Justice MARRIOTT and a Special Jury.)

CULPABLE HOMICIDE.

The hearing of this case was resumed from the previous day. The prisoners, Mambrouk Abdoola and Mambrouk Tarban, were charged, No. 1 with having, on the 13th of November last, committed murder by causing the death of Kummersee, a Seedee, and No. 2 with having abetted the offence.

Mr. Latham, Advocate General, and Mr. Farran prosecuted; Mr. Kirkpatrick appeared for the prisoners. Some further evidence having been taken, counsel on both sides having addressed the court, his Lordship summed up the evidence, and the jury having returned a verdict against the first prisoner of guilty of culpable homicide not amounting to murder, but recommended him to the mercy of the court as having received grave provocation. With regard to prisoner No. 2 the jury returned a verdict of not guilty. Sentence will be pronounced to-day at 10 a. m.

THE INSOLVENCY OF MESSRS. FINLAY, SCOTT & CO.

THE hearing of this case was continued before Mr. Justice Bayley yesterday, being the ninth day of the enquiry. Mr. Pigot and Mr. Russell, instructed by Messrs. Prescot and Winter, appeared for the opposing creditors, the Bank of Bengal; and Mr. Macpherson and Mr. Lang, instructed by Messrs. Craigie, Lynch, and Owen, for the insolvents.

Mr. Macpherson, pointing to certain pass-books produced in court, said the statement was made the other day that no pass-books had been deposited by the insolvents in the Official Assignee's office; and that, if there were any there, they must have been recently placed. Now, the pass-books before the court were found in the Official Assignee's office; and the learned counsel remarked it was to be regretted that an unfounded statement to the prejudice of the insolvents had been made.

Mr. Pigot said he had asked the Official Assignee in court if there were any pass-books, and that officer nodded his head to signify that there were none. His statement was founded on information given by the Official Assignee.

Mr. Macpherson said these statements on information were to be deprecated. It is outside the court that these things tell.

Mr. Pigot tried to justify the statement he had made by the circumstances under which information regarding it came to him.

His Lordship remarked it was not desirable to assume any thing to the prejudice of an individual; and he thought such statements had better not be made in future. The statement that there were no pass-books turned out to be unfounded because there were some of the pass-books at least found in the office.

Mr. Walter Lang was recalled and further cross-examined by Mr. Pigot.—I got money from Nagpore in currency notes, because in my view, it is the easiest way of getting money even to the extent of Rs. 30,000 or Rs. 40,000. I am not aware that Messrs. Finlay, Scott & Co. drew any cheques upon the Nagpore branch. I was present at a meeting, at which I remember Mr. Moultrie asking me if I knew that Hormusjee represented that the proceeds of these bills were to be used for the purchase of produce. I said I certainly knew nothing of such a story and I had no reason to suppose that he had made such a statement. I have no recollection that Mr. Moultrie protested that the arrangement under which the advances were made had been violated. I said that on December 1878 my firm had a balance of Rs. 20,000, but the result was not arrived at until April 1879. The capital of Rs. 1,00,000 was gone at that time. At page 20 of my schedule, the total profits of the Bombay firm from 1873—1878 are stated at Rs. 2,20,326, and of the Karrachee firm Rs. 1,55,897, making a total of Rs. 3,86,223. The losses of the Bombay firm during the same period amounted to Rs. 1,66,050, and of Karrachee firm to Rs. 1,50,926, making a total of Rs. 3,16,977. According to the statements of profit and loss from 1873 to 1878 of the Bombay and Karrachee firms, there was a profit up to December 1878 of over Rs. 70,000. The figures in the schedule were compiled from our books or supplied by me. It does not appear that at the end of December 1878 I ought to have Rs. 1,70,000, because capital may be invested in several things. I cannot give any explanation in the matter at present. In July 1878 I entered into a contract for the sale of produce in Europe. We had the capital of the firm or cash from the Banks to purchase the produce here. I never analysed on any particular day where the cash came from for the purchase of produce. Some of the contracts for the purchase of produce in and subsequent to July 1878 have been completed. In this connection book the dates of shipments according to the month are mentioned. I believe all the contracts made in August and September 1878 were shipped. All the October shipments were also completed. The present copy in my hand is not the completion of the shipments. All the November and December shipments were also completed. Some of the shipments were made on my own account, and some on joint account. We ceased shipping about the 14th April. Some of the March shipments were not made.

Witness was examined as to details of entries made in different "description" columns in the produce book. The court then adjourned until to-day.

THE following is the Aden news report for the week ending Wednesday, January 28:—

Hodeida.—The new Governor General of Yeman has arrived at Hodeida and met with a very hearty reception from the inhabitants, who are as much pleased with him as they were dissatisfied with the retiring Governor General, his predecessor, on account of the oppressive taxes imposed upon them by his order.

The new Governor General was formerly at the head of the Turkish army corps, quartered at Sanaa, in which position he gave proofs of his high ability. He is very popular with all classes on account of his kindly disposition.

REV. D. DAVIES, Sunny-place, Ponthir, Mon., writes, Nov. 2 th, 1879: "Having suffered a most severe shock of the nervous system, through the very sudden death of my beloved wife, I was very much afraid that I would not be able to study and preach for many months. In this critical crisis, a friend advised me to procure 'Cobden's Quinine and Phosphorus Pills.' I am pleased to inform you that, after taking one dose, I felt increased vigour of mind and body, and in a month was able to resume all my pastoral duties, and have continued to labour without interruption. As a remedy for nervous exhaustion, I consider 'Cobden's' Pills incomparable. I have given them to many who have been victims to neuralgia Pains, nervous irritation, giddiness in the head, &c, and in all cases they have proved a perfect cure."

REV. T. C. HOSE, Rector of Roydon, Diss., writes, Nov. 22nd, 1879: "I gave the 'Cobden's' Quinine and Phosphorus Pills you sent me to the daughter of a parishioner who suffered intensely from Neuralgia, and she took them according to directions, and declares herself cured. This is not the only instance I have noticed their wonderful effects for the alleviation and, in fact, cure of this distressing complaint.

REV. JOHN SHEWARD, of Milton, Kent, writes: "My nerves were so shattered that I dreaded the simplest duties, and lost all energy and pleasure in the performance of them. The despondency I endured became almost unbearable. Since taking 'Cobden's Pills,' the change is my health for the better is very marked. I have lost that horrible depression, my nerves are much stronger, and my general health very greatly improved. I cannot express how truly thankful I feel for the remarkable and pleasing change.

COBDEN'S PILLS (Quinine and Phosphorus) Produce appetite and a healthy digestion. Restore the strength. Renovate the failing power. Remove sensations of fatigue. Produce sensations of exhilaration. Cause no after depression. Increase the capacity for mental and physical exertion. Produce cheerfulness. Give a coolness and dexterity to the mind. Confer freshness, originality, and energy on the mental powers. Produce sensations of increased muscular power. Stimulate the nerve power. Cure Impotence.

THE COST OF WAR.
"Give me the money that has been spent in war, and I will purchase every foot of land upon the globe; I will clothe every man, woman and child in an attire of which kings and queens would be proud; I will build a school-house on every hill-side and in every valley over the whole earth; I will build an academy in every town, and endow it a college in every state, and will fill it with able professors; I will crown every hill with a place of worship consecrated to the promulgation of the Gospel of peace; I will support in every pulpit an able teacher of righteousness, so that on every Sabbath morning the chime on one hill should answer to the chime on another round the earth's wide circumference, and the voice of prayer and the song of praise should ascend like a universal holocaust to heaven."—RICHARD.
WHAT CAN BE MORE TERRIBLE THAN WAR!
"I will tell you what is ten times, and ten thousand times, more terrible than war—Outraged Nature. She kills, and kills, and is never tired of killing till she has taught man the terrible lesson he is so slow to learn, that Nature is only conquered by obeying her. . . . Man has his courtesies of War; he spares the woman and the child. But Nature is fierce when she is offended, as she is bounteous and kind when she is obeyed. She spares neither woman nor child. She has no pity; for some awful but most beneficent reason, she is not allowed to have any pity. Silently she strikes the sleeping child with as little remorse as she would strike the strong man—with the musket or the pick-axe in his hand. Ah! would to God that some one had had the pictorial eloquence to put before the mothers of England the mass of preventable suffering, the mass of preventable agony of mind and body which exists in England year after year."—KINGSLEY.
